

BonShell – Terms & Conditions for all Services /Agreements/ Calibration Jugs / Measuring Jugs - (herein referred to as “cal.jugs)

Updated :- August 2022

BonShell deliver various services and sell goods to companies, either direct or on contract basis for the PAST 34 YEARS.

- **All Terms + Conditions for services or goods sold by BonShell, is covered in this document.**

You acknowledge that BonShell can, at its sole discretion, change these Terms and Conditions by adding thereto or deleting therefrom without prior notice to clients and you agree to be bound by same. The Terms and Conditions as displayed on the website at any given time shall be final and binding on clients for the account, services and goods contemplated herein.

SERVICES UNDER CONTRACT:

All payments for services delivered under such a contract, falls within the payment terms of that contract and any variation must be agreed in writing. Failing to pay for services rendered will fall under the laws of the Services Rendered Laws applicable for such services rendered within the Laws of South Africa.

PRODUCT SALES - Calibrated Jugs/ Measuring Jugs

1. Introduction / Interpretation

1.1 Bonnie owns the molds of the cal.jugs referred herein.

1.2 The molds are “housed” and manufactured at a manufacturer of high standard.

- We carry some stock, but should we be out of stock, jugs can be ready for delivery or collection, within 8 -10 working days.

- 2. **PRINTERS – BonShell, sell cal.jugs and printing is an added service we give. Please note that the printing process takes time. The printers work on a delivery time of 10 – 15 working days from when stock arrives on their premises, which could change around October-December, to 15-20 working days.**
 - **As from August 2022, we make use of three different printers and it depends on the printing required who we would use.**
 - Please note – the printers always allow for between 2-3% spoils in the printing process. We allow for this when we quote to you.
 - All artwork must be signed off and the signed copy email back to us, as the printers will not print without a signed-off proof. The color of the print must be noted on the proof and agreed upon by the client.

3. PACKING OF CAL JUGS:-

We pack in new boxes - size:- 610* 450* 310*

Quantity and weight / box:-

2lt x 24 – weight 5,08kg

1lt x 48 – weight 7kg

250ml x 192 – weight 6,5kg

Special packing required by the client will be charged for by the printers and quoted to the client. We will supply additional new boxes at R30/box to the printers when we deliver the stock.

We would only do this in very rare cases as this is a timeous procedure. Labels must be supplied by the client directly to the printer before the job is started.

4. DELIVERY OF JUGS-

- Unprinted jugs –
 - Less than 1000 units must be collected at our factory in Johannesburg.
 - Over 1,000 units will be delivered within a 50km radius of Johannesburg at a rate negotiated from time to time.
- Printed jugs –
 - are delivered by the printer or their contractor and charged for as negotiated and quoted to the client.

5. PAYMENT TERMS:-

The client is charged in one invoice for all the products/ services mentioned above.

We require payment with order as this is a product which cannot be collected back into stock, if printed, delivered and distributed by the client. All our suppliers work on the same principle.

WE HAVE 34 YEARS IN THE BUSINESS AND YOU CAN CONFIRM OUR SERVICE AND COMMITMENT TO YOU AS THE CLIENT FROM ANY OF OUR CLIENTS.

Trust you find the above acceptable. By placing your order with BonShell, it is deemed that you have read and accept these Terms & Conditions and no variation from these Terms & Conditions will be accepted.

Thank you for your support. It is greatly appreciated.
